

Home Oxygen Therapy

Order Details

Ordered Device Description *

Type a value

HCPCS code of equipment ordered *

Type a value

Order Id *

Type a value

Ordering Physician NPI *

Type a value

Primary Details

Is this encounter an inpatient hospital stay?

Yes

No

Not Answered

Was blood gas study ordered and evaluated?

Yes

No

Not Answered

Date of Blood Gas Study test?

MM/DD/YYYY

Testing location of Blood Gas Study test?

Type a value

O2 Sat

Type a number

PaO2 (ABG)

Type a number

Hematocrit

Type a number

Is there an expectation that home oxygen therapy will improve O2 Saturation? *

Yes

No

Not Answered

Is the patient mobile within the home?

Yes

No

Not Answered

Symptoms and Diagnostic Testing

Does the patient have any conditions that could cause inaccuracies in the ABG/pulse oximetry results? *

Yes

No

Not Answered

Specify condition *

Lives in or travels to high altitude

Age

Skin pigmentation

Reduced O2 carrying capacity

Other

Specify *

Type a value

Does patient have symptoms of Hypoxemia ?

Yes

No

Not Answered

Presence of Exertional hypoxia / desaturation *

Yes

No

Not Answered

Was exercise testing performed in-person by a treating practitioner or other medical professional qualified to conduct testing ? *

Yes

No

Not Answered

Presence of any nocturnal symptoms ? *

Yes

No

Not Answered

Specify symptoms *

Impairment of cognitive processes

Nocturnal restlessness

Insomnia

Morning headache

Other

Specify other *

Type a value

Does the patient have Obstructive Sleep Apnea (OSA) ?

Yes

No

Not Answered

Was nocturnal testing performed under the direction of medicare enrolled IDTF ?

Yes

No

Not Answered

Is the patient's OSA being sufficiently treated? *

Yes

No

Not Answered

Was the titration study performed after determining optimal settings of the PAP device ? *

Yes

No

Not Answered

Relevant Patient Observations

Was blood gas study performed *

Yes

No

Not Answered

Was the qualifying blood gas study performed on 4LPM or higher *

Yes

No

Not Answered

Oxygen saturation results at rest

Type a number

Arterial PO2 results at rest

Type a number

Oxygen saturation results during exercise without oxygen

Type a number

Arterial PO2 results during exercise without oxygen

Type a number

Oxygen saturation results during exercise with oxygen

Type a number

Arterial PO2 results during exercise with oxygen

Type a number

Study performed in relevance to Nocturnal Restlessness *

Nocturnal oximetry

Titration Polysomnography

Oxygen saturation during sleep

Type a number

Arterial PO2 during sleep

Type a number

Oxygen saturation during sleep with oxygen

Type a number

Arterial PO2 with oxygen during sleep

Type a number

Diagnosis

Primary Diagnosis *

COPD

Heart failure

COVID-19

Hypoxemia

Obstructive sleep apnea

	☐ Chronic respiratory failure with hypoxia ☐ Acute respiratory failure with hypoxia ☐ Interstitial pulmonary disease ☐ Asthma ☐ Pneumonia ☐ Erythrocythemia ☐ Cluster headaches ☐ Pulmonary hypertension ☐ Dependent edema suggesting congestive heart failure ☐ Cor Pulmonale ☐ Others
Specify the ICD-10 code *	Type a value
Specify the ICD-10 code description *	Type a value
Determination of Pulmonary hypertension/Cor Pulmonale *	☐ Pulmonary Artery pressure ☐ Gated blood pool scan ☐ Echocardiogram ☐ 'p' Pulmonale on EKG ☐ Other
Hematocrit/hemoglobin result (Hct/Hgb) *	Type a number
For normoxemic patients, are there any medical condition with distinct physiologic, cognitive, and/or functional symptoms documented in high-quality, peer-reviewed literature to be improved by oxygen therapy, such as cluster headaches ? *	☐ Yes ☒ No ☐ Not Answered
Specify condition *	Type a value
Does the patient suffer from any of the following conditions ? *	☐ Angina pectoris in the absence of hypoxemia. ☐ Dyspnea without cor pulmonale or evidence of hypoxemia ☐ Severe peripheral vascular disease resulting in clinically evident desaturation in one or more extremities but in the absence of systemic hypoxemia. ☐ Terminal illnesses that do not affect the ability to breathe ☐ None
Medical History	
Review of Systems *	☐ General ☐ HEENT ☐ Pulmonary System ☐ Cardiovascular System ☐ Integumental System ☐ Gastrointestinal System ☐ Musculoskeletal System ☐ Neurological System ☐ Psychiatric Conditions ☐ Hematology ☐ Immunology ☐ Endocrine System ☐ Other
Specify other *	Type a value
General *	☐ weight gain ☐ weight loss ☐ sleeping problems ☐ fatigue ☐ fever ☐ chills ☐ night sweats / diaphoresi ☐ Other ☐ None
Specify other *	Type a value
HEENT *	☐ lumps ☐ pain on neck movement ☐ Nasal polyps ☐ Other ☐ None
Specify other *	Type a value
Pulmonary System *	☐ cough ☐ shortness of breath ☐ pain ☐ wheezing ☐ hemoptysis ☐ sputum production ☐ Other ☐ None
Specify other *	Type a value
Cardiovascular System *	☐ chest pain ☐ palpitations ☐ orthopnea ☐ murmur ☐ syncope ☐ edema ☐ claudication ☐ varicose veins ☐ thrombophlebitis ☐ arterial ulcers ☐ venous stasis ulcers ☐ Other ☐ None
Specify other *	Type a value
Gastrointestinal System *	☐ swallowing problems ☐ abdominal pain ☐ constipation ☐ diarrhea ☐ incontinence ☐ nausea ☐ vomiting ☐ ulcers ☐ melena ☐ rectal bleeding ☐ jaundice ☐ heartburn ☐ hematemesis ☐ Other ☐ None
Specify other *	Type a value
Musculoskeletal System *	☐ pain ☐ swelling ☐ stiffness ☐ limitation of range of motion ☐ arthritis ☐ gout ☐ cramps ☐ myalgia ☐ fasciculation ☐ atrophy ☐ fracture ☐ deformity ☐ weakness ☐ Other ☐ None
Specify other *	Type a value
Neurological System *	☐ seizures ☐ poor memory ☐ poor concentration ☐ numbness / tingling ☐ pins and needles sensation ☐ hyperpathia ☐ dysesthesia ☐ weakness ☐ paralysis ☐ tremors ☐ involuntary movements ☐ unstable gait ☐ fall ☐ vertigo ☐ headache ☐ stroke ☐ speech disorders ☐ Other ☐ None
Specify other *	Type a value
Psychiatric Conditions *	☐ hallucinations ☐ delusions ☐ anxiety ☐ nervous breakdown ☐ mood changes ☐ depression ☐ Other ☐ None
Specify other *	Type a value
Hematology *	☐ anemia ☐ bruising ☐ bleeding disorders (conditional) ☐ Other ☐ None
Specify other *	Type a value
Endocrine System *	☐ heat or cold intolerance ☐ diabetes ☐ lipid disorders ☐ goiter ☐ Other ☐ None
Specify other *	Type a value
Integumental System *	☐ Acne ☐ Atopic Dermatitis ☐ Cellulitis ☐ Vitiligo ☐ Other ☐ None
Specify other *	Type a value
Immunology *	☐ Rheumatoid Arthritis ☐ Multiple Sclerosis ☐ Celiac disease ☐ Inflammatory bowel disease ☐ Other ☐ None
Specify other *	Type a value
Physical Examination	

Physician Comments *	Type a value	
Prescribed Use		
Length of need: (months) (99 = lifetime) *	Type a number	
Maximum Flow Rate (LPM) *	Type a number	
Minimum Flow Rate (LPM) *	Type a number	
Are flow rates different between any of the following?		
Stationary vs. Portable *	Yes No Not Answered	
Stationary Flow Rate *	Type a number	
Portable Flow Rate *	Type a number	
Rest vs. Exercise *	Yes No Not Answered	
Rest Flow Rate *	Type a number	
Exercise Flow Rate *	Type a number	
Daytime vs. Nighttime *	Yes No Not Answered	
Daytime Flow Rate *	Type a number	
Nighttime Flow Rate *	Type a number	
Usage Directions *	At rest/Awake During exertion During Sleep	
Is the device portable? *	Yes No Not Answered	
Means of Oxygen Delivery and Accessories *	Nasal cannula Non-rebreather Ventilator Mask PAP bleed in Oxygen conserving device High flow oxygen therapy Other	
Certification		
Type Of Order *	Initial or original order for certification Change in status Revision or change in equipment Replacement	
Reason for Change in Status *	Patient relocated Different supplier Other	
Reason for Revision or change in equipment *	New Physician order beneficiary requested upgrade with signed ABN Other	
Reason for Replacement *	lost or stolen end of reasonable useful lifetime (5 years) irreparable damage	
Questionnaire Signed date	MM/DD/YYYY
